

Reliable weighing for routine laboratory and general-purpose applications.

The CZ Series combines practical weighing functions with a large backlit display, rechargeable battery operation, stainless-steel platform and splash-proof ABS housing.

KEY FEATURES & APPLICATIONS

• Below Balance Weighing	• Piece Counting
• Percentage (%) Weighing	• Check Weighing
• Units Conversion	• Accumulation
• Built-in rechargeable battery for continuous use up to 80 hours	• Large 25 mm digit backlit LCD display
• Selectable units: g, kg, oz, lb	• Optional RS-232C data interface
• Splash-proof ABS plastic housing	• Rust-proof stainless-steel weighing platform

TECHNICAL SPECIFICATIONS

Application Programs	Below Balance Weighing; Piece Counting; Percentage Weighing; Check Weighing; Units Conversion; Accumulation
Display	Backlit LCD; 25 mm digit height; large weighing display
Weighing Units	g, kg, ounce, lb
Battery Operation	Built-in rechargeable battery; up to 80 hours continuous use
Data Interface	RS-232C, optional
Housing	Splash-proof ABS plastic
Platform	Stainless steel, rust-proof

X	9.75 in	Net Weight	10.00 lb
Y	7.75 in		
Z	3.25 in
